Dear Jason:

Thank you again for being with us in San Diego. You gave a rousing presentation, one that resonated so well with our AICC entrepreneurs. It was interesting to note how, through the remainder of the meeting, the words "cause" and "stewardship" kept coming up in our discussions. To me that is a sign not only of an excellent presentation, but of a presentation that has a lasting effect on its audience.

Thanks again for making AICC's 2010 Spring Meeting so memorable.

Sincerely,

cc Kim Nelson
