"It is unusual for a presenter to be able to maintain the interest of an audience for more than one major presentation.

Not Jason! He has presented at four of Narta's conferences, and the audience are always amazed at the wisdom of his teachings and totally professional delivery.

He has influenced greatly the thinking and success of many of our retailers.

In my personal business career Jason has been without question the single biggest influence on my management style and business principals.

We look forward to using him again in the future.
