

Event: **Presentation at Draft FCB**

Date: **June 14, 2007**

"Jason came to speak to our Senior Leadership team, a team that came together a bit less than a year ago when we underwent a merger. As we prepare to collectively move the Chicago office forward for the coming year, his presentation gave us important leadership lessons to think about – as individuals and as a collective unit.

His engaging style and insightful messages left the group energized and looking forward to the year to come and beyond. We hope to have Jason back in the near future to speak to our entire company."

Mark Modesto
CEO of DraftFCB
