

"Jason Jennings knocked it out of the park! His impassioned message, inspired stories and zest for sharing examples of greatness resonated with the CEO's and leaders at the Executive Institute in Bolton Landing in June 2005.

He raised the energy level and opened our minds to new possibilities. His personal story of what led him to research his books and spread the message echoed with the attendees. They'll be talking about him for a long time! We have summarized the feedback from the attendees and attached it here. If you have any questions please let me know."
