Result: **Standing ovation by the 1000+ partners and operators in the audience**

Date: **October 2006**

"Jason Jennings keynoted our 2006 Sonic Restaurants Annual Convention in Chicago.

For more than an hour, he captivated our partners, franchisees and staff with advice about remaining nimble and creative; critical components to the Sonic brand!

As a result of his personal touch and engagement with the audience, his presentation received the highest rating at the convention and I continue to receive comments about Jason and the influence that he has had on their career."
