Result: **Standing Ovation**  
Date/Location: **October 30th 2006 / San Francisco**

"Jason Jennings was the highlight of our Global Conference!

His presentation to our group of Tony Roma's international franchise partners and company managers was right on target!

His understanding of our business and his unique leadership concepts gave each one of our team solid takeaway ideas that they could put in place immediately.

Based on their evaluations of the conference, Jason "hit it out of the park" with his engaging and dynamic presentation on how to "Think Big and Act Small".
