

"With all of Jason's hassles with his travel schedules I was nervous about the quality of his performance. Not only did Jason exceed my expectations but everyone in the room was overwhelmed with his presentation! He was fabulous, his timing, choice of words, rapid fire illustrations and examples, coupled with the message was the best. He is excellent and should continue to "walk his talk" of doing only 80 presentations a year and raise his price.

Jason Jennings will be back in front of PSTC in the coming years!

Now, we need to find Jason Jennings #2 for 2007 in Charleston SC!"
